

Retractable Reels for Teach Pendant Cables

AV&R offers you a break with robot reels. These new easy to install devices will increase your shop's floor safety and make it look more professional, while increasing your teach pendant cables life.

*Tired of seeing cables on your shop floor?
Of untangling them?
Of tripping on them?*

Features

- Heavy duty, industrial grade all steel construction
- Powder coated for a durable lasting finish
- The best spring retraction of any reel on the market
- Patented quick disconnect design
- Strain relief equipped cable
- One-year warranty

Advantages

- Increase the life of your teach pendants and their cables
- Keep your teach pendant cables organized
- Reduce downtime (change out a bad cable in 5 minutes!)
- Increase your floor's safety by reducing tripping hazards

Manufacturer cable

VS

Cable with strain relief

Get all these for a fraction of the cost of a new teach pendant!
